### **EDUCATION**

**Bachelor of Arts Degree The EverGreen State College:** Bachelor of Arts Degree in Photography, Film, Video Production, Latin American Studies, and the Spanish Language. Graduated with Honors. I studied abroad in Costa Rica on the *International Gilman Scholarship Award*. My International education consisted of a program I created in a photojournalism assignment. This project was accompanied by my research and documented accounts entitled, “*Altar of Lies Through Stained Glass*” based on the Costa Rican inner-directed culture and political effects during the sacred Holy Week. The second half of my photojournalism assignment was to attend *La Escuela Del Mundo*, or *School of The World*, for a surfing Spanish program in order to photograph and research a more diverse side of Latin American culture along the coast and enhance my Spanish communication skills. Also to rehabilitate, research, and photograph parrots being released into Costa Rican jungles in order to repopulate the decreasing numbers.
