The following is a history of my experience and a partial client/credit list.

1985-1989: Camera & Lighting - PDR Productions

1989- Present: Owner/Operator - The Crane Guy

As a freelance camera/crane operator, I have the opportunity to work with many different clients on a variety of projects. These projects vary from major motion pictures to commercials, reality shows, concerts, music videos, documentaries, live television events, and corporate image pieces. I specialize in operating camera cranes and remote heads. I own and operate a Movie Bird SuperTechno Crane, a Panther Pegasus Crane, Stanton Jimmy Jibs, and a Power Pod remote head. Below is a partial list of some of the networks, production companies, and projects I have been a part of.
